

“How I Reduced My Cholesterol from 280 to 225 in just Six Months— *without Drugs*”

“My name is Barbara. When my cholesterol reached 280, I commenced taking Lipitrol, which I obtained from my pharmacist.”

*“After taking **Lipitrol** for just one month, my cholesterol dropped significantly. Since then it has been dropping slowly, and consistently, recently being measured at 225. **In fact, my cholesterol has gone down by 55 points!** I feel really terrific about his recommendation, especially since my HDL has remained nearly as high as it was. I am absolutely elated.”*

LIPITROL is a truly comprehensive all-natural approach to LDL cholesterol management. It contains antioxidants to combat free radicals. Several other all-natural components reduce cholesterol and triglycerides and also provide additional heart and liver support. And **LIPITROL** doesn't cause “niacin flush.”

LIPITROL works so well that **Appomattox Drug Store** guarantees your satisfaction **100% or your money back**. A bottle of 90 caps of **LIPITROL** is just \$29.98.

The Healthy-Aging Experts at Appomattox Drug Store ship across town or across the country. Please add 5% tax and \$3.50 shipping & handling to phone/mail orders.
